## CITY BREVITIES

Get sunny. U. C. Rader. Big line Stetson hats at Roosevelt's. \$3.50 ladies' Gloria shoes at Roosevelt's.

The Shamrocks and the Defenders will bowl tonight at Siler's alley. Born, in Pendleton Christmas night, to Mr. and Mrs. Leslie Boyd, a daughter.

Blank application for clergy permits can be had by calling on E. C. Smith, Agent O. R. & N. Co.

During 1903 there were built in the United States 154,895 passenger and freight cars. Of this number but 2007 were passenger coaches.

A young mother and her new-born babe both died on Christmas day, with smallpox in the Chicago smallpox detention hospital. All the festivities planned by the other 53 inmates were cancelled.

MUST CALL FOR PACKAGES. Mail Carriers Cannot Deliver the Largest Christmas Bundles That Come to the Office.

Owing to the great rush of holiday business at the postoffice, a slip will be delivered to patrons of the carrier routes, notifying them when packages arrive at the postoffice and they will be required to call at the carriers' window, between 2 and 4 o'clock each day, for the large packages.

It would be impossible for the carriers to deliver all the large packages that come during holidays, and this arrangement is made to facilitate business and make it possible for the boys to handle the mail for their routes.

The business transacted by the postoffice during the month of December promises to exceed any past record of the office, for the same period.

FAIR EXCHANGE. A New Bark for an Old One—How It Is Done in Pendleton.

The back aches at times with a dull, indigestible feeling, making you weary and restless; piercing pains shoot across the region of the kidneys and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Follow the example of this Pendleton citizen.

W. Wells, living at the Palace Lodging House, Main street, says: "Doan's Kidney Pills are a most excellent remedy for the back and kidneys and I heartily recommend them to anyone in need of such a medicine. For more than a year I suffered from irregular action of the kidneys, combined with dull heavy aching pains across my loins and back. When I stooped I had to be very careful in straightening up if I did not want to suffer severely. When I caught the least cold it invariably settled in my back and kidneys and aggravated the complaint. I had little faith in Doan's Kidney Pills when I went to Brock & McComas Co.'s drug store for them, but they helped me from the first and a continuation of their use corrected the kidney difficulty and relieved the aching in my back and loins. I have recommended this remedy to others and know of several who have used them with the most satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

TEAM STOLEN FROM BARN. F. M. Griffith loses \$200 Span of Work Horses From the Home of Jeff Marrs, on Christmas Eve.

A team of work horses belonging to F. M. Griffiths, of Idaho Falls, was stolen from the home of Jeff Marrs, on Marie street, on the night of Christmas eve, and up to this time no trace of them has been found.

Mr. Griffith is an uncle of Mr. Marrs, and was spending the holidays at the Marrs home, and left his team in the stable at bed time, securely tied, and on going to the stable in the morning found them missing and tracked them into the main road near the W. & C. R. depot, where all trace of them was lost.

The horses are both grey and will weigh from 1000 to 1100 pounds each, both being well broke to work and ride. Mr. Griffiths feels certain that they are stolen as they were tied together with a long rope and had they broken loose, would have been found close to hand, tangled in the rope.

Housed in Them Are Thirty-five Thousand Servants, and Their Salaries Aggregate \$4,000,000 Annually—He Owns 5000 Horses and 50,000 Cattle—Sixty-two of His Palaces He Has Never Seen.

In these days when the Japanese, from the mikado to the lowest in his empire are cutting down their living expenses and contributing every dollar they can to furnish the money for carrying on the war with Russia, attention is called to the wealth of the czar of Russia, his income, and the opportunity he has, not by practicing strict economy, but by simply cutting off useless expenses, to add to the war chest of his country.

A member of the Russian colony in Paris gives some idea of the wealth and income of the czar, and his expenses, in a recent interview, and without it being pointed out one can see that it will not be difficult for the czar by just a little cutting down, to equip and keep in the field a regiment or two without depriving himself.

According to the Russian, the czar is the master of 100 palaces and chateaux, scattered about all over his vast empire, and each one of them is marvelously furnished and marvelously filled with servants. Something like 35,000 butlers, grooms, footmen, valets, chefs, coachmen, gardeners, etc., are housed in the hundred residences, and their total salaries amount to the enormous sum of \$4,000,000.

In the many stables are some 5000 horses, while the heads of cattle may be placed at 50,000; in the kennels are dogs innumerable. Naturally, the czar is not familiar with all his palaces and chateaux. Out of the hundred, indeed there are no less than 62 upon which he has never set eyes, and which in all probability he never will see. But the servants are there and everything is ever in readiness in case the czar should take it into his head to look just once upon his truly magnificent abodes.
